The "Real" Real Deal

There are no jobs for unemployed Newarkers.

Go out to almost any construction site and see who is doing the work. Even jobs like fixing sidewalks don't go to community residents and they certainly don't go to African Americans. **SHARPE JAMES PUTS UP BILLBOARDS SHOWING BLACK CONSTRUCTION WORKERS. GO SEE FOR YOURSELF.** Sharpe James and his supporters on the City Council will say anything to get elected. Don't trust them for a minute. They've fooled us before and they'll fool us again.

We are not safe in our homes or on the street.

Stolen cars race through our community and endanger the lives of children and adults. Parents are afraid to let children play outside and are afraid to send them out to the store at night.

Senior citizens are afraid to walk to a neighborhood store alone. And every other day we hear about someone being shot or stabbed to death.

Now that it is election time, **ALL OF A SUDDEN** we see policemen everywhere. They are riding through the neighborhood on horses and motorcycles. They are rounding up people and moving them off street corners. **ALL OF A SUDDEN.**

Our streets have been filthy for years. Now that it is election time, **ALL OF A SUDDEN** we are tripping over temporary workers hired to keep things clean until the election is over. These are seasonal jobs (election season) that will vanish on May 15, 2002.

Sharpe James and his supporters on the City Council earn a lot of money and take pretty good care of themselves. We are left on our own to fend for ourselves. Now it is time for us to do something for ourselves. It's time to change Newark's leadership. These people just don't care about most of us. If we keep electing them, they will keep abusing us. **DON'T BE BAMBOOZLED.**

IT'S TIME FOR NEW LEADERSHIP!

MAKE A CHANGE!
